**Detroit, Michigan (31 January 2012)**—Dane Moxlow was invited to appear at the 2013 North American International Auto Show last Friday at Cobo Hall in Detroit to promote the Chevrolet Detroit Belle Isle Grand Prix. He joined IndyCar’s Helio Castroneves, Will Power, and Simona de Silvestro on January 25<sup>th</sup> at the WXYZ Channel 7 display on the main show floor to meet with the media, sign autographs, and talk some DetroitGP during a panel discussion.

“It was an honor to appear next to IndyCar greats like Helio and Will, whose racing style I have always admired. The NAIAS is such an impressive event so well suited to the Motor City, and the team behind the DetroitGP did a great job promoting the event. I’m looking forward to driving the renovated track in June as a hometown driver. There’s nothing quite like racing on the streets of Detroit!” says Moxlow.

Moxlow will pilot the Autosport Development #7 Trenton Forging/Eaton Steel/Huntington Bank Ford Mustang Boss 302s in the Pirelli World Challenge GTS series this season. The competition kicks off March 23<sup>rd</sup> and 24<sup>th</sup> with the first two rounds of the series on the Streets of St. Petersburg. The Detroit Belle Isle Grand Prix double-header weekend is scheduled for June 1<sup>st</sup> and 2<sup>nd</sup> on the beautiful island of Belle Isle in the Motor City, just thirty minutes from Moxlow’s hometown of Grosse Ile, Michigan. The event will feature the IZOD IndyCar Series, the Grand-Am Rolex Sports Car Series, and the Pirelli World Challenge Championship Series. This is the first time that the IndyCar series will experience a double-header race weekend. Renovations and improvements to the Belle Isle track, including a longer front straight, are sure to provide an exciting, competitive weekend of racing.
